# *A n Enchanting Reception for all to Enjoy*

## No day is more memorable than your wedding day

At Ringwood Hall we can make it just that by presenting you with a selection of spacious elegant rooms, breathtaking surroundings and a dedicated personal service.

We take pride in having created the finest wedding reception venue. With years of experience planning successful wedding celebrations we are pleased to guide and advise you through the exciting steps of preparation towards your big day.

Our success is based on attention to detail; those small touches which make your day so unique and so special however large or small your reception may be.

In addition to your specific catering requirements, we are pleased to advise you on other arrangements for stationery, wedding cars, flowers, balloons, photographic services and wedding cakes.

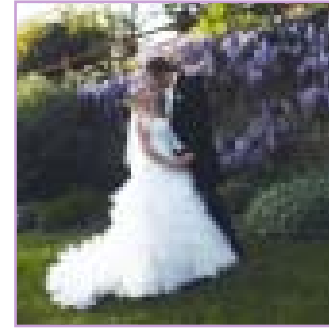

All these services are provided by skilled professionals whose aim, like ours is modest "We only want to provide the best".

This brochure is designed to answer any immediate questions. It is far more preferable to meet at the hotel, where we can establish your needs and match our services to your personal requirements.

*We look forward to welcoming you.*

## *Picture This*

### A beautiful setting to capture those irreplaceable moments

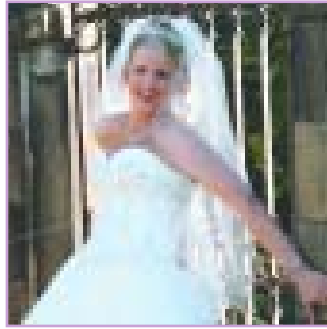

A beautiful English Garden, the most romantic of backdrops for your wedding photographs and for you and your guests to enjoy - that is of course if you have time to take in the 30 acres of gardens and wooded parkland.

Well kept lawns, pretty floral borders, neatly cropped hedgerows and statuesque trees line the perimeter of the Ringwood Valley. Venturing into this wooded area will take you to our very own "secret gardens" which are currently being lovingly transformed back to how our ancestors saw the heritage Victorian Gardens.

We are exceptionally fortunate to have our own Victorian kitchen garden with fresh vegetables and herbs which are used throughout the year, in the preparation of the hotel's mouthwatering dishes.

Gracefully positioned on the back lawns of Ringwood Hall is the garden pavilion complementing the beautiful setting of the parklands and gardens. An elegant feature for your wedding photographs, or summer picnics.
